

RBC Emergency Response and

Disaster Preparedness Teams

Richard Bland College's Emergency Response and Disaster Preparedness Teams consist of student volunteers who provide non-transporting emergency services on campus. Volunteers hold a variety of safety certifications and licenses.

Members of this organization provide emergency aid until the arrival of EMTs or other professional emergency personnel.

The first responder experience is truly rewarding, as it gives each volunteer an opportunity to contribute to the community in a meaningful way.

2007-2008 Student Members
