 - This sample assumes the student has placed into math level 4 and Engl 101 for their first semester. Students placing into a lower level math or Engl 100 will need to adjust their schedule accordingly, in consultation with their academic advisor.
 - **Bold** font indicates specific courses that are required.
 - Regular font indicates courses for which others within the same curriculum area may be substituted; or, for electives, any course may be substituted. Choices of courses within curriculum areas and electives should take requirements at prospective transfer institution & the student's prospective major into consideration. No course may be used to satisfy requirements in more than one curriculum area.
1. Students seeking this degree emphasis must complete either: MATH 201 or Math 207; Students should check with transfer institutions to determine specific requirement.
