This Flag was flown during aerial combat over Mosul, Iraq on September 11th, 2007. This date marking the six long years our Country has been at war against the tyranny and evil that precipitated the horrific attacks in 2001 when 2,976 fine Americans were killed. Since this infamous date 3,752 members of our Armed Forces have laid their lives on the altar of freedom and paid the ultimate sacrifice so that our children may someday celebrate the freedom that we hold so dear.
