

SUPPORT 100% STUDENT

SUCCESS

November 28, 2017

ROBERT JONES

"Scholarships have given me the opportunity to attend college."

ABBY GILL

"Richard Bland College was the perfect choice for me to begin my college journey."

DANNY TORRES

"Richard Bland College has challenged me to perform highly at all times and have more self-confidence and personal responsibility."

Richard Bland College of William & Mary is in a class of its own, often referred to as the Commonwealth's hidden gem. Richard Bland students experience the William & Mary tradition of academic excellence, and many go on to graduate with a William & Mary degree, at a fraction of the cost. From the moment they enroll until they transfer to William & Mary, or their university of choice, Richard Bland students are supported by a dedicated Learner Mentor who keeps them on track to graduation. Richard Bland settles for nothing less than 100% student success.

Robert Jones is one of those deserving students who would not be in college without your support. When he was still in high school, circumstances compelled Robert to become a surrogate father to his siblings and nephews. His high school grades suffered as a result. Seven years after high school, Robert was accepted to Richard Bland College where he learned how to be a college student. He worked hard to earn a 4.0 GPA and enter the Honors program, and he was selected to participate in a travel-study experience in Italy. Robert plans to enroll at William & Mary in the fall of 2018.

Each year, your philanthropy makes college and a brighter future a reality for hundreds of deserving students. Please consider investing in the success of a Richard Bland student, and in the success of our region, by making a tax-deductible donation to the 2017 Annual Fund with the card below or online at success.rbc.edu/donate.

Thank you for considering an Annual Fund donation, and for your ongoing support of Richard Bland College and its distinctive mission. During the holiday season and throughout the New Year, we wish you good health, great joy and abundant prosperity.

Sincerely,

J. Tyler Hart, Ph.D.
